COVID-19 AND THE MAJORITY WORLD

Posted on April 28, 2020 by Eddie

An excellent video which raises some significant issues relating to COVID-19. It is a much watch for anyone interested in global mission.
Category: Observations

This video from Lausanne is essential watching for anyone concerned with global Christian mission. It features a variety of medical experts with experience in different contexts worldwide and shows that the answers being promulgated in the West are not applicable everywhere. It also asks some significant questions about the role of the church in this situation. The video lasts a tad under 90 minutes.
