THE PERFECT STORM

Posted on June 1, 2022 by Eddie

Category: Observations

British mission agencies face a perfect storm of three different existential challenges to their existence and purpose. In the light of these challenges, agencies must ask whether they are viable and (more importantly) whether they are relevant.

If you don't want to watch me on video or listen to my voice (and I wouldn't blame you) you could read this transcription. Just a word of warning, the transcription was prepared by an online service and I've not checked it, so there are no promises about the quality.
