From the Zyozy blog:

> ***2009 has been a devastating year for the worldâ€™s hungry***, *marking a significant worsening of an already disappointing trend in global food security since 1996. The global economic slowdown, following on the heels of the food crisis in 2006â€“08, has deprived an additional 100 million people of access to adequate food. There have been marked increases in hunger in all of the worldâ€™s major regions, and more than one billion people are now estimated to be undernourished. (read more)*
