THE GOSPEL IN DIFFERENT CONTEXTS: SOME HISTORY

Posted on November 7, 2009 by Eddie

Category: Mission

This is a video which was made for the Global Connections conference in November 2009. The conference was a reflection on the way in which mission has changed since the EdinburghMissionary Conference of 1910. In the video I give some background to the idea of contextualisation of the Gospel and also reflect on what it means for us.
