In a week or two's time, I'm due to lead a session on 'Investing in Volunteers'. I'm not entirely sure how I got myself into this and I'm far from sure about what I should say. If anyone reading this has any experience (good or bad) of being a volunteer or in managing volunteers in a Church or other Christian context, I'd be very glad of your thoughts. Could you either email me, or perhaps log in and leave a comment below?

Thanks
