Category: Observations

This is a sermon on 1Peter 4:1-11 which I preached at Portswood Church Southampton in November 2010.Â I think it's the first time I've ever mentioned the Hitch Hikers Guide to the Galaxy in a Sermon!

If you would prefer to save the file to your computer for later listening, you can do so by right clicking here.

The photograph was not taken at Portswood Church, it was taken at the Lausanne Congress in Cape Town, but I think it is a great photo and I'm glad of the excuse to use it!
