MISSION FROM EXILE

Last month, I had the enormous privilege of giving the opening and closing talks at the Global Connections' Conference. Frustratingly, the recording of the opening talk didn't work and I had to repeat it to an empty room a few hours later. I'm not sure that I delivered it as well the second time round - it was certainly shorter!

You can find the other conference talks on the Global Connections website.

I drew the whole thing together in the closing address which used John 20:21,22 as a theme.
