WHAT IS SUCCESS?

By the time of his ascension, Jesus had eleven close disciples and an indeterminate number of other followers. In terms of measurable success, Jesusâ€™ earthly ministry did not produce a great deal (in todayâ€™s culture he might have been in danger of having his funding pulled!). Â Jesus invested the best part of three years in the lives of his disciples: this is an amazing commitment of time and energy from the creator of the world. Just think of all of the miracles he could have done if thatâ€™s what heâ€™d chosen to do.
