THE BEST VIEW IN BRITAIN

Apparently the viewers of an ITV programme have chosen the view of Wastwater as the best view in the United Kingdom. It just goes to show that phone in votes do sometimes get things right. For my money the view down Wasdale to Great Gable is by far the best view that Britain has to offer (and I remain unconvinced that anything anywhere else is better). The only British view that can compete is the view down Wasdale from Great Gable.
