THE SHIFTING CENTRE OF GRAVITY

Posted on December 21, 2013 by Eddie

Category: Church: World

I've often written about the shifting centre of gravity of the world church, but I could probably have saved myself at least a thousand words by posting this map that I found on twitter.

The picture was provided by Conrad HackettÂ and you can see the full thing either by clicking on the map itself or by clicking here.

Edit:Â I am grateful to David Reimer for providing me with information about the source of the map:

> *This comes from the Pew Foundation.*
>
> *TheÂ original mapÂ accompanies a 19 December 2011report on Global Christianity. See also theirÂ interactive map feature.*
