THE BEST YOU TUBE MUSIC VIDEO?

Posted on August 2, 2008 by Eddie

Category: Observations

I'm in a nostalgic mood tonight as my last post shows. For the last hour or so, I've been searching for old (and it has to be said, cheesy) videos on YouTube. The Faces, Donna Summer, TerryDactyl and the Dinosaurs - they don't make stuff like that any more.

But, seriously, did anyone ever make a better three minutes of popular music than this?
